SP ASSOCIATES

1 Dover Avenue, WR4 0LA

T: 01905 757187

DX: 716301 Worcester 1

E: steveparkin@onetel.net

W: www.accident-reconstruction.co.uk

Established in 1989, we offer Expert Witness services in all aspects of road traffic accident reconstruction in both civil and criminal cases.

Factors considered in civil matters are speed, sight distances, braking

rates, reaction times, seat belt use, tyre effects, and many more. We will usually examine, measure and photograph accident scenes (and vehicles, if still available) and provide plans as required.

We have given evidence in all levels of Court hundreds of times. We are well versed in what is expected in advising clients, our responsibility to the court and all other aspects of being an expert witness.

XPC services provides expert witness advice and written reports to both prosecuting and defence counsels in drug related criminal and similar cases.

Our clients include the Crown Prosecution Service (CPS), Police Authorities and many private solicitors.

We provide opinions for solicitors and the police in a number of different drug related circumstances:

- Involving the administration and effect of prescription and over-the-counter medicines in the young and elderly.
- Driving under the influence of drugs or alcohol.
- The use of illicit drugs.
- Drug assisted sexual or criminal assault.
- Errors in dispensing of prescribed medicines.
- The interpretation of forensic toxicology reports when it relates to drug levels.
- Assessing the results of overdose situations.

Resolving your dispute with professionalism and expertise

David Bunker is a member of the Academy of Experts and is an experienced mediator, arbitrator and a member of the President's Appointments Scheme panel. He is appointed by the Institute of Chartered Accountants to deal with disputes referred to it.

Mediation & Arbitration

Mediation is an informal, confidential process during which an impartial person facilitates discussion and negotiation between the people who are in dispute with a view to helping them reach a mutually acceptable outcome to the conflict. Arbitration is a voluntary process, where the parties agree that an independent third party should act as

arbitrator of their legal dispute. The arbitrator's main role is hearing from both parties about the case, before making a decision.

I am able to offer expertise and assistance with a range of alternative dispute resolution techniques. Increasingly, clients and the courts prefer these alternatives to time consuming and costly litigation.

HILTON SHARP CLARKE

30 New Road
Brighton
East Sussex BN1 1BN

T: 01273 324163 F: 01273 323983

E: enquiries@hsc.uk.net or admin@hsc.uk.net

Hilton Sharp & Clarke are one of the few firms of chartered accountants providing a specialist, comprehensive service to IT contractors, as well as consultancy on all aspects of IR35 and employment status.

We have a strong team, serving clients throughout the UK as well as those working overseas, and it is lead by a partner with experience and commitment to your industry.

At a time when HM Revenue and Customs are becoming increasingly aggressive it is vital in our view that you use the services of an accountant who is not only a specialist in your industry but also experienced in the wider issues likely to affect you or your company.

Above all, we aim to be friendly, informal and accessible while keeping you on the 'straight and narrow' and saving you time and money.

Our many existing IT contractor clients tell us we achieve this, and all for a competitive fixed fee.

HILTON SHARP & CLARKE
Chartered Accountants

STEPHEN HARRIS & CO

Chartered Accountants, Belgrave Place
8 Manchester Road, Bury BL9 0ED

T: 0845 458 6680

E: info@stephen-harris.co.uk

Since 1979 Stephen Harris has been providing assistance to litigation solicitors, barristers, loss adjusters and insurers. His forensic accountancy experience includes personal injury, fatal accident, business interruption, loss of pension, breach of contract, defamation, alleged theft & false accounting, POCA investigations etc. Investigations are undertaken and reports written, for use in Court if required, as single joint expert, or party appointed or shadow expert. He is known for promptness, availability and a realistic approach to costs, has been a member of the Academy of Experts since 1993 and is a founding member, in 1996, of the Expert Witness Institute.

■ to reveal aspects of origin

FHDI uses scientific equipment including ESDA (Electro Static Detection Apparatus) VSC (Video Spectral Comparator) and Stereo Microscope – all necessary to provide an extensive range of expertise (all non- destructive tests) on the examination of suspect documents revealing eg:

- Striation lines from pen inks
- Trash marks from photocopies
- Watermarks/ Security Fibres on Official Documents
- Indented writings

Dr Sue Turnbull has recently joined the firm after being awarded a distinction in her MSc of Document Analysis and best student award at UCLAN last Nov 2008.

SRM

Expert Computer Forensics

Expert Witness Testimony

SRM's forensic experts provide highly regarded testimony and are able to explain technical issues in easily understandable terms without over simplifying the key points (for defence or prosecution).

Digital Media Forensic Examinations

Designed to achieve maximum results for prosecution or defence in criminal cases, or in civil litigation, our first-class analysis service is highly respected and valued by the legal fraternity.

To discuss your requirements,
please call 08450 212 151

Or, for more information, please log on to www.srm-solutions.com

Continued from page 18.

Reports contain precise, jargon-free English, supported by a glossary of terms and appendices covering technical material required by opposing experts.

Integrity, confidentiality and security guaranteed.

MARINE CONSULTANTS

SUPERYACHTS INTERNATIONAL LTD

8 Peakfield
Waterlooville
Portsmouth
Hampshire PO7 6YP
T: 023 92 233215
M: 07766 352010
F: 023 92 231362
E: info@mega-superyachts.com
W: www.mega-superyachts.com

SuperYachts International Ltd., Marine Consultants to the Mega and Superyacht Industry, with over 30 years experience in the marine leisure business, can offer their expert opinion on a range of subjects helpful to the legal profession from Expert Witness in cases going to Tribunal and Arbitration, valuations for solicitors' clients, valuing a yacht for purchase or sale, enforced sales, and Probate.

- All types of statistical work and market research on an international scale to the marine business undertaken.
- They own one of the most comprehensive reference libraries in the business, going back over 20 years.
- Scale of charges is at an hourly rate depending on the level of expertise required and distances necessary to travel.

If SuperYachts International Ltd. cannot undertake the work that a legal firm requires, mainly on the technical side, then they will know the expert that can give the advice the solicitor needs and will work with them to satisfy the request.

GRAHAM ROGERS & ASSOCIATES LTD

**156 Little Cattins
Harlow CM19 5RW
T: 01279 301676
T: 0795 217 0627**

E: info@grahamrogers.org.uk

W: www.grahamrogers.org.uk

Graham Rogers is a Consultant Psychologist. In a developing practice, he has been able to access the services of various consultants, including family specialist, neuropsychologists, mental health specialists and those with expertise in the field of autism, able to address the needs of clients. His own work as an expert witness has taken him to the High Court, the Central Criminal Court, as well as to high profile cases. His particular expertise is in relation to those with learning disabilities involved in criminal situations, as well as working with complex family cases. In the area of family work, Graham has introduced his first associate, Julia, with 20 years experience, who began her training at the Maudsley Hospital, before ultimately heading a multidisciplinary team within CAMHS. His second associate, Anne, works within the area of education, able to analyse and assess special educational needs decisions related to children. Since then, the range of experts and specialists available has developed.

PROFESSOR STEVEN HIRSCH BA, MD, MPHIL, FRCP, FRCPsych
