DAVID BUNKER
Arbitrator & Mediator

'Resolving your dispute with professionalism and expertise'

David Bunker is a member of the Academy of Experts and is an experienced mediator, arbitrator and a member of the President's Appointments Scheme panel. He is appointed by the Institute of Chartered Accountants to deal with disputes referred to it.

Mediation & Arbitration

Mediation is an informal, confidential process during which an impartial person facilitates discussion and negotiation between the people who are in dispute with a view to helping them reach a mutually acceptable outcome to the conflict.

Arbitration is a voluntary process, where the parties agree that an independent third party should act as arbitrator of their legal dispute. The arbitrator's main role is hearing from both parties about the case, before making a decision.

I am able to offer expertise and assistance with a range of alternative dispute resolution techniques. Increasingly, clients and the courts prefer these alternatives to time consuming and costly litigation.
